DUNGEON DWELLER	

INTRODUCTION

Welcome to the world of adventure! You find yourself in a small village, surrounded by green hills and tranquil forests. But all is not well in this peaceful land. Rumors are spreading about an evil monster that has been harming villagers and taking them to his dungeon. The villagers live in fear, wondering who will be the next to disappear.

As fate would have it, you are the only one who can put an end to this terror. The village chief requests your help in investigating the monster dungeon. The chief provides you with a basic sword and shield to aid in your journey.

Are you ready to take on this challenge and become the hero that the villagers desperately need? The road ahead is perilous, but with courage and determination, you might just save the day.

INSTRUCTIONS

- 1** Start the game by selecting the start game option from the start menu.
- 2** You will find yourself in the entrance of a dungeon.
- 3** Explore the dungeon by moving your character through the different rooms and corridors.

You earned 10 gold and axe from the fight.
1) Go back
```

By selecting option 1 (Explore Dungeon), you will be presented with a map displaying your character (H). At this point, you will have three choices: Option 1 allows you to move to room b, Option 2 allows you to move to room d, and Option 3 will terminate your exploration and return you to the main menu.

Upon selecting Option 1, you will be directed to Room B where you will encounter two choices. Option 1 will take you to Room A and Option 2 will return you to the "Explore Dungeon" page.

Upon arriving at Room A, you will come across a Monster that will inflict random damage upon you. In return, you will receive 10 gold coins and a weapon at random, which you can later locate in your inventory. This page only consists of a single option, which enables you to return to Room B.

Chamdani**

Hello, my name is Joseph Davis Chamdani, but you can call me Joe. I am a student at HighScope Indonesia and am currently in the 10th grade, majoring in Math & Science. In my spare time, I enjoy coding and video editing. I have also interned as a game developer at VR-Park, which was a great opportunity for me since I have a strong interest in technology and love to find new ways to use it.
